

Doctor Referral Performance January 2026

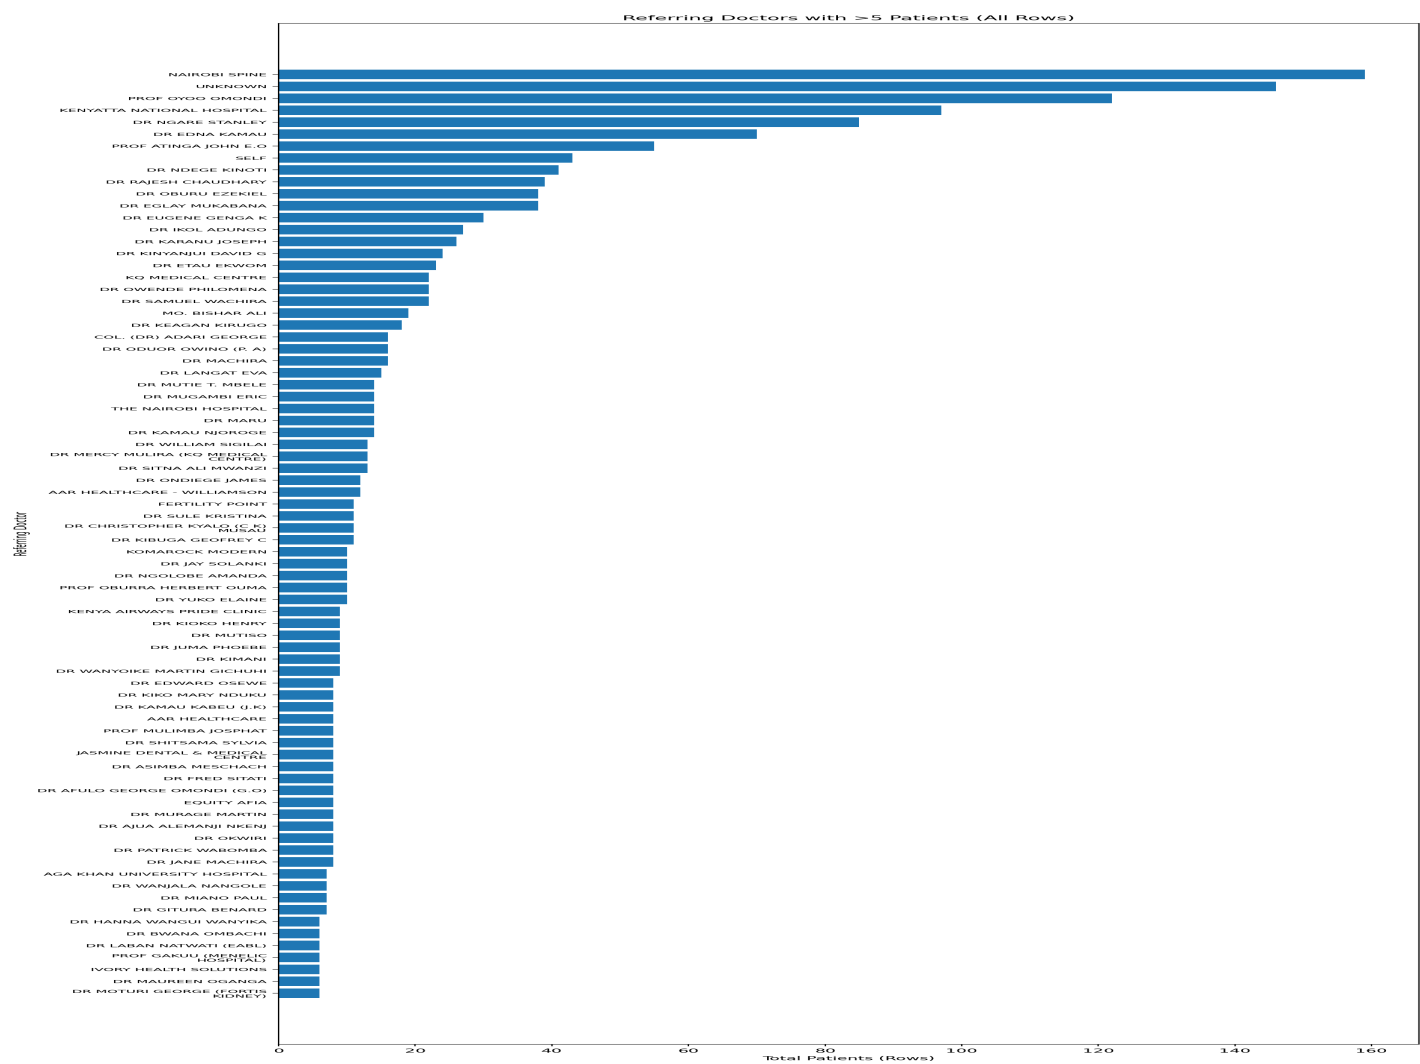

Full dataset (2,472 rows)

KPI Summary

Number of Patients	2472
Number of Referring Doctors	559
Top Performing Marketer	Not available in this dataset

Insights: A core group of active doctors (>5 referrals) drives most patient volume, while the long tail shows room for engagement growth.

Doctors with More Than 5 Referrals

Insights: These consistently active doctors form the core referral network and should be prioritized for retention and relationship management.
